POZ

Take time to POZ

Taking time is not wasting time! In Mauritius, we understand the importance of taking a moment. A moment to sit on a rock and see the light glinting off the lagoon, or to watch the world go by from a bench.

It’s not laziness, it is energy. Knowing the importance of taking some time for yourself. So we invite you to slow down, stop and dedicate space for body and mind. That’s what POZ (pause) is all about.

We like to spa sustainably. This doesn’t complicate matters. In fact, it makes it simple. We know where each flower and herb has come from in the products we use because we asked our local botany experts, Indika, to grow them right here in Mauritius. The setting? These medicinal plants bloom in the Ferney Valley. Add island–sourced coconut, neem and coffee beans, and we’ve got all the ingredients we need for our scrubs, balms and oils.

In a world where we are always moving on to the next task, it’s time to POZ!

Did you know? Our handmade POZ products are 100% natural and wrapped in recyclable packaging!
