

POZ

Taking a break. This is what POZ is all about!

Here in Mauritius, well-being, like cuisine, religion and culture, is at a crossroad between east and west. Our “gran dimoune” as we say here, meaning our elders, have brought with them, from their faraway lands, their knowledge and secrets: ayurvedic massage techniques from India, reflexology from China and many almost miraculous properties from the African soil. Those traditional remedies have always been part of the Mauritian way of life. An island, where taking time is not wasting time.

“Kass enn ti poz” is an art de vivre! It means to just take a break and enjoy the time being. Watch a sunset, sit under a banyan tree, reconnect with nature or just relax for a little while... carpe diem.

POZ draws its inspiration in the tropical and vegetal surroundings of the green Mauritian nature. If Mauritius is well-known for its beautiful beaches and turquoise lagoons, there is another side to this paradise: a trip deep into the country - a generous tropical vegetation and refreshing waterfalls.

So, just put pause. Breathe deeply, slowly... You will leave POZ happy, serene, and full of energy!
