

Help us to help them!

During your stay, you might come across a **stray dog** or **cat**. This is a national concern in Mauritius and all **Attitude Hotels** are committed to caring for the wellbeing of these stray animals.

Affectionate or frightened, these animals might have unpredictable behaviour. **For your own safety and for hygiene reasons, please do not feed these animals and report their presence to one of our Family Members.**

We keep track of each dog and cat entering the property. They are fed daily at a specific time of day and a set location.

We have **partnered with local NGOs** to ensure each animal on our hotel property **has medical treatment, including vaccinations and sterilization.** **If you wish to help us** in our efforts, you can **donate to a fund** that helps provide dogs and cats with **neuter procedures, medical needs and food supplies.** Please ask us for details.

ONE PAW FURTHER

- If you fall in love with one of the strays you see during your stay, **we encourage you to adopt the animal. We can help with the adoption process** and put you in touch with the local NGOs.
- If you have a direct flight back to Europe and want to help, you can be an animal flight buddy! You can accompany an animal waiting to get their adopters. If this is of interest, we will help you get in touch with the correct NGOs.

If you wish to know more, feel free to contact the hotel reception or our Pet Ambassador.
