 Cultural heritage promotion

 Community support

MAURITIUS

Its crystal-clear lagoon, coral reefs, and sea turtles.

Its music, its makers, its stories.

Its warm welcomes, bold ideas, and endless potential.

All of it deserves to be admired – but above all,

protected | **nurtured** | **passed on**

That's the mission of the Attitude Foundation.

Since 2014, we've focused on three core priorities:

- 1** Protecting the island's marine and coastal ecosystems
- 2** Championing Mauritian culture, art and craftsmanship
- 3** Supporting the local community through meaningful, grassroots projects

A FEW OF OUR PROJECTS

PROTECTING THE ENVIRONMENT

Marine Discovery Centre

A hub for marine conservation, citizen science and education.

Ekol'O

The first floating centre for marine education and guided snorkelling experiences.

Climate Fresk

The workshop was translated into Creole and part of the teams were trained to better understand and take action against climate change.

Youth awareness

Water fountains installed and reusable bottles distributed at a school to reduce single-use plastic.

CELEBRATING CULTURE

Konpoz To Lamizik

A national music competition to spotlight local talents.

Local stages and productions

Support for local festivals, artists, and artisans — because creativity deserves a stage.

EMPOWERING THE COMMUNITY

Solidarity library set up at a school **serving children with learning difficulties.**

Professional development programmes for people from disadvantaged backgrounds.

Entrepreneurship training for **women.**
